¹The schedule for 1929 did not specifically mention hides, bees, beeswax, fur-bearing animals (kept in captivity) or the pelts of such fur-bearing animals. ²Excludes value for poultry, bees, and fur-bearing animals, sold or traded. ³For 1939, includes farms with usable reports for value of farm products sold, traded, or used by farm households; but excludes farms with no products sold, traded, or used by farm households, and, also, unclassified farms. For 1929, includes reports for farms classified by type, regardless of whether or not farm products were reported sold, traded, or used by farm households; but excludes greenhouses, nurseries, and aparies, as well as other unclassified farms (see text). ⁴Not available. ⁵Receipts from boarders, lodgers, etc., not included in value for farm products sold, traded, or used by farm households. ⁶Value of sales for maple sirup and sugar included with "Forest products" in 1939, but with "All crops" in 1929. ⁷Value of sales for Irish and sweet potatoes included with "Field crops," not with "Vegetables." ⁸The number of farms reporting "Horticultural specialties" shown in this table includes only those reporting sales in 1939. The number of farms reporting "Any horticultural specialties" shown in County table XIII (vol. I) includes, in addition, farms reporting areas devoted to these crops but having no sales in 1939 (see text).
