### Table 1: Farms, Acreage, and Value: Censuses of 1920 to 1959

#### Columns
- **Farms**: The number of farms reported.
- **Acreage (in acres)**: The total acreage reported.
- **Value of land and buildings (in dollars)**: The value of land and buildings.
- **Acreage per farm (in acres)**: The average acreage of farms.
- **Land in farms according to use**: The number of farms reporting.

#### Years
- **1930**: (April 1)
- **1935**: (January 1)
- **1940**: (January 1)
- **1945**: (January 1)
- **1950**: (April 1)
- **1954**: (April 1)
- **1959**: (January 1)

#### Notes
- **NA**: Not available.
- **%**: Percent.
- **% Change**: Percent change from the previous year.
- **% Harvested for grain**: The percentage of land harvested for grain.

#### Definitions
- **Cropland harvested**: Land used only for growing crops or forage.
- **Cropland not harvested and not pastured**: Land not used for growing crops or forage.
- **Other cropland (idle and crop fallow)**: Land not used for growing crops or forage.
- **Woodland pasture**: Land used for livestock grazing.
- **Improved pasture**: Land used for livestock grazing.
- **Other land (boggy, lake, wetlands, etc.)**: Land not used for growing crops or forage.

#### Source
- Data from the 1930, 1940, and 1950 Censuses of Agriculture are included.

#### Data
- **Value of land and buildings**: The total value of land and buildings.
- **Acreage per farm**: The average acreage of farms.
- **Land in farms according to use**: The number of farms reporting.

#### Examples
- **Cropland harvested**: 3,535 acres
- **Cropland not harvested and not pastured**: 55,087 acres
- **Other cropland (idle and crop fallow)**: 1,835 farms
- **Woodland pasture**: 3,528,513 acres
- **Improved pasture**: 8,114 farms
- **Other land (boggy, lake, wetlands, etc.)**: 8,114 farms
