1/ Figures on miscellaneous poultry no longer comparable in that ducks were included in these figures previous to July 1, 1932.

2/ While the Bureau feels assured of the completeness and accuracy of the total amount of poultry reported, it cannot vouch for the accuracy and classification of the various sizes of chickens. There are a number of concerns whose holdings are exceedingly heavy, who find it impracticable to make segregation on their reports. Consequently there will be fryers contained in the figures shown for broilers, roasters and possibly miscellaneous poultry.

Note: "Dry Salt Rough Sides" for United States Government account under Emergency Hog Control Program are not included in these figures.
Meats held for the account of the Federal Surplus Relief Corporation are included in these figures.

Nils A. Olsen
Chief of Bureau.
