

# cold storage

August 31, 1973

Release:  
September 17, 1973  
3:00 P. M. EDT

## Cooler and Freezer Stocks

Seasonal increases in fresh fruit helped raise cooler-held stocks on August 31 to 1,437 million pounds; 17 percent greater than last month and 1 percent above a year ago. Although freezer-held stocks remained virtually unchanged in August, they were down 6 percent from last year.

## Meat Products

Beef stocks August 31 totaled 263 million pounds--12 percent less than last month and 7 percent below a year earlier. Pork holdings dropped 12 percent in August to 179 million pounds, compared with 204 million on August 31, 1972. Frozen pork bellies dropped to 9.5 million pounds, 64 percent under July 31, 1973 and 73 percent below August 31, 1972.

## Poultry and Eggs

Frozen chicken stocks totaled 93 million pounds, up 4 percent from July but 8 percent less than last August. Frozen turkeys increased 62 million pounds during August to 261 million pounds: a 31 percent increase from last month but 17 percent below a year earlier. Whole turkeys showed a 37 percent increase during August while turkey parts increased 2 percent.

Frozen egg holdings increased 3 percent in August to 50 million pounds, but stocks are 43 percent below the 88 million pounds stored on August 31, 1972.

### Dairy Products

Total butter stocks declined to 114 million pounds on August 31 -- 20 percent below last month and 42 percent below a year ago. The Government owned 72 million pounds, 18 percent less than last month and 59 percent less than last year. Natural cheese stocks declined slightly during the month to 387 million pounds.

### Fruits and Vegetables

August increases of blackberries, blueberries, cherries and peaches raised the total frozen fruit stocks to 507 million pounds. August 31 supplies were 2 percent larger than a month earlier, but 5 percent below a year earlier.

Frozen orange juice concentrate totaled 100 million gallons on August 31, down 10 percent from last month but 37 percent above last year.

Seasonal gains in most of the frozen vegetable packs brought total holdings up to 1,041 million pounds. Current stocks were 20 percent larger than last month but 14 percent below last year.

French fried potatoes declined to 205 million pounds. Stocks were 18 percent below July 31 and 41 percent below August 31, 1972.

### Public Warehouse Stocks and Occupancy

Product weight in public refrigerated warehouses amounted to 3,638 million pounds on August 31 -- down 2 percent from last month. Public warehouses held 48 percent of the total cooler-held products and 62 percent of the total freezer stocks.

Utilization of public cooler space was 55 percent on August 31. This compared with 54 percent a month earlier and 60 percent a year ago.

Freezer rooms were filled to 64 percent of capacity, up from the 61 percent reported last month but below the 67 percent at this time last year.
