Crop Values 2016 Summary

February 2017

USDA

Update Alert – May 19, 2017

The *Crop Values 2016 Summary* report released on February 24, 2017 by USDA’s National Agricultural Statistics Service is being reissued due to changes and/or corrections made to the following tables: Dry Edible Pea Price per Cwt and Value of Production – States and United States: 2014-2016 (page 37); Lentil Price per Cwt and Value of Production – States and United States: 2014-2016 (page 38). These changes were updated in the table of Field and Miscellaneous Crops Value of Production – United States: 2014-2016 (page 9). Additionally, revisions made to the *Vegetables 2016 Summary* were incorporated into the following tables: Commercial Vegetable Crops for Fresh Market and Processing Price – United States: 2014-2016 (page 12); Commercial Vegetable Crops for Fresh Market and Processing Value of Production – United States: 2014-2016 (page 13). As a result, the Crop Values Summary tables on pages 15 and 16 were updated.

Statistical Methodology

Crop value calculations: *Crop Values* includes average prices and values of production for major field crops and many specialty crops. All prices in this report are marketing year average (MYA) prices which do not include allowances or adjustments for commodities under government loan at the end of the marketing year, commodities forfeited to the Commodity Credit Corporation, loan deficiency payments, farm program payments, or disaster payments.

Each State MYA price is based on sales in the months comprising its marketing year, while United States MYA prices are based on sales during the standard United States marketing year for each crop. See pages 47 and 48 of this report for a listing of State and United States marketing year definitions for specified field crops.

United States monthly prices for all crops in the monthly price estimating program are computed by weighting monthly State prices by monthly marketings for each State. For the major field crops, the States included in the monthly price estimating program are shown on pages 6 and 7. United States MYA prices for corn, sorghum, oats, barley, wheat, rice, soybeans, peanuts, flaxseed, sunflower, canola, Upland cotton, and hay are computed by weighting United States monthly prices by monthly marketings for the United States marketing year. For all other crops, United States MYA prices are computed by weighting State MYA prices by the estimated production in each State.

State and United States preliminary 2016 MYA prices for corn, sorghum, oats, barley, wheat, rice, soybeans, flaxseed, sunflower, canola, Upland cotton, dry edible beans, chickpeas (garbanzo beans), dry edible peas, Austrian winter peas, lentils, peanuts, and potatoes are based on entire month price data through December 2016 and, except for cotton and peanuts, allowances are made for the portion of the 2016 crop to be marketed during the remainder of each crop's 2016 marketing year. State MYA prices for crops not in the monthly price program are based on annual surveys. See the schedule on page 47 for the publication dates of final MYA prices for specified crops.

State value of production is computed by multiplying each State price by its production. Value of production for the United States is the sum of State values for all States listed for the crop. Value of production estimates in this report relate to the crop year. These estimates should not be confused with cash receipts which relate to sales during a calendar year irrespective of the year of production.

Revision policy: Estimates contained in this report may be revised the following year if new information is available that would justify a change. Estimates will also be reviewed after data for the 5-year Census of Agriculture are available. No revisions will be made after that date.

- Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit www.nass.usda.gov and click on “National” or “State” in upper right corner above “search” box to create an account and select the reports you would like to receive.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: nass@nass.usda.gov.

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the basis of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the [USDA Program Discrimination Complaint Form](#) (PDF), found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov.
