

Quarterly Hogs and Pigs

ISSN: 1949-1921

Released December 28, 2012, by the National Agricultural Statistics Service (NASS), Agricultural Statistics Board, United States Department of Agriculture (USDA).

United States Hog Inventory Down Slightly

United States inventory of all hogs and pigs on December 1, 2012 was 66.3 million head. This was down slightly from December 1, 2011, and down 2 percent from September 1, 2012.

Breeding inventory, at 5.82 million head, was up slightly from last year, and up slightly from the previous quarter.

Market hog inventory, at 60.5 million head, was down slightly from last year, and down 2 percent from last quarter.

The September-November 2012 pig crop, at 29.4 million head, was up slightly from 2011. Sows farrowing during this period totaled 2.90 million head, down 1 percent from 2011. The sows farrowed during this quarter represented 50 percent of the breeding herd. The average pigs saved per litter was a record high 10.15 for the September-November period, compared to 10.02 last year. Pigs saved per litter by size of operation ranged from 7.60 for operations with 1-99 hogs and pigs to 10.20 for operations with more than 5,000 hogs and pigs.

Quarterly Hogs and Pigs Inventory – United States: December 1

Million head

United States hog producers intend to have 2.86 million sows farrow during the December 2012-February 2013 quarter, up slightly from the actual farrowings during the same period in 2012, and up 1 percent from 2011. Intended farrowings for March-May 2013, at 2.93 million sows, are down 2 percent from 2012, but up slightly from 2011.

The total number of hogs under contract owned by operations with over 5,000 head, but raised by contractees, accounted for 47 percent of the total United States hog inventory, up from 45 percent last year.

Revisions

All inventory and pig crop estimates for March 2011 through September 2012 were reviewed using final pig crop, official slaughter, death loss, and updated import and export data. Based on the findings of this review, an adjustment of less than one and one half percent was made to the June 2012 total inventory. An adjustment of less than one half of one percent was made to the September 2012 total inventory. An adjustment of more than two percent was made to the March-May 2012 pig crop.

This report was approved on December 28, 2012.

Acting Secretary of
Agriculture
Carol A. Goodloe

² December preceding year.

Statistical Methodology

Survey Procedures: A random sample of roughly 10,400 United States producers was surveyed to provide data for these estimates. Survey procedures ensured that all hog and pig producers, regardless of size, had a chance to be included in the survey. Large operations were sampled more heavily than small operations. During the first half of December 2012, data were collected from about 8,100 operations, 78 percent of the total sample. The data collected were received by electronic data reporting (EDR), mail, telephone, and face-to-face personal interviews. Regardless of when operations responded, they were asked to report inventories as of December 1, 2012.

Estimating Procedures: Hogs and pigs estimates were prepared by the Agricultural Statistics Board after reviewing recommendations and analysis submitted by each field office. National and State survey data were reviewed for reasonableness with each other and with estimates from past years using a balance sheet. The balance sheet begins with the previous inventory estimate, adds the estimates of births and imports, and subtracts the estimates of slaughter, exports, and deaths. This indicated ending inventory level is compared to the Agricultural Statistics Board estimate for reasonableness.

Revision Policy: Revisions to previous estimates are made to improve quarter to quarter relationships. Estimates for the previous four quarters are subject to revision when current estimates are made. In December, estimates for all quarters of the current and previous year are reviewed. The reviews are primarily based on hog check-off receipts and slaughter. Estimates will also be reviewed after data from the Department of Agriculture five-year Census of Agriculture are available. No revisions will be made after that date.

Reliability: Since all operations raising hogs are not included in the sample, survey estimates are subject to sampling variability. Survey results are also subject to non-sampling errors such as omissions, duplication, and mistakes in reporting, recording, and processing the data. The effects of these errors cannot be measured directly. They are minimized through rigid quality controls in the data collection process and through a careful review of all reported data for consistency and reasonableness.

To assist users in evaluating the reliability of the estimates in this report, the "**Root Mean Square Error**" is shown for selected items in the following table. The "Root Mean Square Error" is a statistical measure based on past performance and is computed using the difference between first and final estimates. The "Root Mean Square Error" for hog inventory estimates over the past 20 quarters is 1.3 percent. This means that chances are 2 out of 3 that the final estimate will not be above or below the current estimate of 66.3 million head by more than 1.3 percent. Chances are 9 out of 10 that the difference will not exceed 2.3 percent.

Reliability of December 1 Hog Estimates

[Based on data for the previous twenty quarters]

| Item | Root mean square error | 90 percent confidence level | Difference between first and latest estimate | | | | |
|-------------------------|------------------------|-----------------------------|--|----------|---------|--------------|--------------|
| | | | Average | Smallest | Largest | Years | |
| | | | | | | Below latest | Above latest |
| | (percent) | (percent) | (1,000) | (1,000) | (1,000) | (number) | (number) |
| All hogs and pigs | 1.3 | 2.3 | 637 | 65 | 3,067 | 15 | 5 |
| Pig crop | 1.7 | 2.9 | 370 | 11 | 1,514 | 12 | 8 |
| Expected farrowings | | | | | | | |
| Next quarter | 2.2 | 3.8 | 48 | 0 | 216 | 14 | 6 |
| Following quarter | 2.3 | 4.0 | 52 | 6 | 220 | 13 | 7 |

Information Contacts

Listed below are the commodity specialists in the Livestock Branch of the National Agricultural Statistics Service to contact for additional information. E-mail inquiries may be sent to nass@nass.usda.gov

Access to NASS Reports

For your convenience, you may access NASS reports and products the following ways:

- All reports are available electronically, at no cost, on the NASS web site: <http://www.nass.usda.gov>
- Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit <http://www.nass.usda.gov> and in the “Follow NASS” box under “Receive reports by Email,” click on “National” or “State” to select the reports you would like to receive.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: nass@nass.usda.gov.

The United States Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Assistant Secretary for Civil Rights, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S.W., Stop 9410, Washington, DC 20250-9410, or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay). USDA is an equal opportunity provider and employer.
