LIVESTOCK SLAUGHTER, MEAT AND LARD PRODUCTION, 1968

Production of red meat in the 48 States during 1968 was up 3 percent from 1967. Commercial and farm slaughter totaled 35,234 million pounds, according to the Crop Reporting Board. Beef production at 20,842 million pounds was 3 percent greater than a year earlier. Veal production was 735 million pounds, down 7 percent from last year. Pork production was 13,055 million pounds, up 4 percent from 1967. Lamb and mutton production, at 602 million pounds, was 7 percent below 1967. Beef accounted for 59 percent of the total red meat production during 1968; pork, 37 percent; veal, 2 percent; and lamb and mutton, 2 percent. Lard production totaled 2,062 million pounds in 1968, down 1 percent from last year.

The total number of cattle slaughtered in 1968 was up 3 percent from 1967. Federally inspected cattle slaughter was 7 percent more but other cattle slaughter was down 11 percent. Calf slaughter in 1968 was 8 percent below 1967. The slaughter of calves in Federally inspected plants declined 3 percent, while other calf slaughter was down 18 percent from 1967. The number of hogs slaughtered in 1968 was up 4 percent from 1967. Hog slaughter in Federally inspected plants increased 5 percent while other hog slaughter declined 7 percent from 1967. Sheep and lamb slaughter in 1968 was down 7 percent from the previous year. The number slaughtered under Federal inspection declined 5 percent while other sheep and lamb slaughter dropped 19 percent.

The average live weight of all cattle slaughtered during 1968 was 1,012 pounds, 6 pounds lighter than a year earlier. Average live weight of calves slaughtered at 235 pounds increased 1 pound; hogs averaged 239 pounds, 2 pounds lighter; and sheep and lambs averaged 102 pounds, 1 pound heavier than in 1967.

Slaughter in Federally inspected and other slaughter plants is included in the monthly estimates. Farm slaughter estimates are available only on a quarterly basis as shown in Tables 3 through 6.

The rank of States by number of head slaughtered excluding farm slaughter for each species is shown in Table 19.

The number of livestock slaughtering establishments, by States, as of March 1, 1967, 1968 and 1969 is shown in Table 20.

This report is made possible through the cooperative efforts of the Consumer and Marketing Service and the Statistical Reporting Service.
