

# Peanut Stocks and Processing

NOVEMBER 1970

Release:  
December 28, 1970  
3:00 P.M. EST

## Stocks 31 Percent Above Year Ago

Commercial storage facilities held 2,495 million pounds of equivalent farmers' stock peanuts on November 30 -- 31 percent above a year ago. Included were 1,927 million pounds of actual farmers' stock, shelled edibles equivalent to 540 million pounds of farmers' stock and nearly 27 and a half million pounds of roasting peanuts. The farmers' stock included approximately 628 million pounds held by CCC, more than double the 300 million pounds held at the same time last year. The CCC stocks included 15 million pounds of all types (segregation 2 and 3) which were designated as crushing stock.

On November 30 there were 406 million pounds of shelled peanut stocks consisting of over 377 million pounds of edible and the rest in oil stocks. Shelled edibles included 150 million pounds of Virginias, 100 million pounds of Runners, and about 127 million pounds of Spanish.

## November Millings Down 15 Percent

November millings of farmers' stock peanuts decreased 15 percent to nearly 253 million pounds, compared with 296 million pounds in November last year. Millings by type amounted to over 101 million pounds of Virginias, 63 million pounds of Runners, and 88 million pounds of Spanish.

## Edible Uses Down 7 Percent -- Crushings Up 65 Percent

Production of specified edible products excluding oil, used 82 million pounds of raw shelled peanuts in November against 88 million pounds a year ago, a 7 percent decline.

Peanut crushings in November were 47 million pounds or a 65 percent increase from the 29 million pounds crushed in November 1969.

Under the Government Food Distribution Program for needy families, 2,514,240 pounds of peanut butter were distributed in November.
