SEASONAL REPORT

AUGUST 1975 - JULY 1976

PEANUT STOCKS AND PROCESSING  
SEASONAL REPORT, 1975-76

This report gives revised monthly and seasonal data for the Peanut Stocks and Processing reports for the 1975-76 season and seasonal totals for the 1974-75 season.

These statistics are collected and presented according to the Peanut Statistics Act which requires all shellers, crushers and processors of raw peanuts to submit monthly reports of their operations. In most months the published preliminary monthly reports are based on a complete enumeration of all shellers and crushers and all of the larger processors of raw peanuts. However, due to the large number of processors of raw peanuts there are occasionally a few reports which are not received in time to be included in the first tabulation. All possible revisions, which account for any late reports, are included in the revised monthly totals published in the next report. A revision that cannot be made in time for the monthly report is included in this seasonal report.
