PEANUT STOCKS AND PROCESSING
SEASONAL REPORT, 1976-77

This report gives revised monthly and seasonal data for the Peanut Stocks and Processing reports for the 1976-77 season and seasonal totals for the 1975-76 season.

These statistics are collected and presented according to the Peanut Statistics Act which requires all shellers, crushers and processors of raw peanuts to submit monthly reports of their operations. In most months, the published preliminary monthly reports are based on a complete enumeration of all shellers and crushers and all of the larger processors of raw peanuts. However, due to the number of processors of raw peanuts, reports are occasionally received too late to be included in the first tabulation. Allowances are made for these missing reports which are included in the revised monthly totals published in the next report. Revisions that could not be made in time for the monthly reports are included in this seasonal report.
