PEANUT STOCKS AND PROCESSING

SEASONAL REPORT

1977-78

Included in this report are revised monthly and seasonal totals for the monthly Peanut Stocks and Processing reports for the 1977-78 season.

These statistics are collected and presented according to the Peanut Statistics Act which requires all shellers, crushers and processors of raw peanuts to submit monthly reports of their operations. In most months, the published preliminary monthly reports were based on a complete enumeration of all shellers and crushers and all of the larger processors of raw peanuts. However, due to the number of processors of raw peanuts, reports were occasionally received too late to be included in the first tabulation. Allowances were made for these missing reports and were revised in the monthly totals published in the next report. Revisions that could not be made in time for the monthly reports are included in this seasonal report.
