PEANUT STOCKS AND PROCESSING

SEASONAL REPORT

1981-82

Revised monthly and seasonal totals for the monthly Peanut Stocks and Processing reports for the 1981-82 season are included in this report.

These Statistics are collected and presented according to the Peanut Statistics Act which requires shellers, crushers and processors of raw peanuts to submit monthly reports of their operations. The published preliminary monthly reports are usually based on a complete enumeration of all shellers and crushers and all of the larger processors of raw peanuts. However, because of the number of processors of raw peanuts, reports are occasionally received too late to be included in the first tabulation. Allowances are made monthly for these missing reports and revised monthly totals are published in the next report. Revisions that could not be made in time for the monthly reports are included in this seasonal report.
