These Statistics are collected and presented according to the Peanut Statistics Act which requires shellers, crushers and processors of raw peanuts to submit periodic reports for their operations. These reports are based on a complete enumeration of all shellers and crushers and all of the larger processors of raw peanuts. However, because of the number of processors of raw peanuts, reports are occasionally received too late to be included in the first tabulation. Allowances are made for these missing reports and revised totals are published in the next report.
