

Poultry Slaughter

Washington, D.C.

Released May 3, 2002, by the National Agricultural Statistics Service (NASS), Agricultural Statistics Board, U.S. Department of Agriculture. For information on "Poultry Slaughter" call John Lange at 202-720-0585, office hours 7:00 a.m. to 4:30 p.m. ET.

Ready-to-Cook Weight Down 1 Percent

Poultry certified wholesome during March 2002 (ready-to-cook weight) totaled 3.09 billion pounds, down 1 percent from the amount certified in March 2001. Updated totals for February 2002 show that 2.97 billion pounds were certified.

The preliminary total live weight of poultry inspected during March 2002 was 4.16 billion pounds, down 1 percent from a year ago. Young chickens inspected totaled 3.51 billion pounds, down slightly from March 2001, and mature chickens totaled 71.5 million pounds, down 3 percent. Turkey inspections totaled 569 million pounds, down 3 percent, while ducks totaled 13.0 million pounds, a 7 percent decrease.

Young chickens slaughtered during March 2002 averaged 5.12 pounds per bird, up 2 percent from March 2001. The average live weight of mature chickens was 5.16 pounds per bird, up slightly from a year ago. Turkeys slaughtered during March 2002 averaged 27.2 pounds per bird, up 1 percent from March 2001.

Ante-mortem condemnations during March 2002 totaled 18.9 million pounds. Condemnations were 0.45 percent of the live weight inspected, compared with 0.42 percent a year earlier. Post-mortem condemnations, at 49.6 million pounds (N.Y. dressed weight), were 1.32 percent of quantities inspected, compared with 1.70 percent a year earlier.

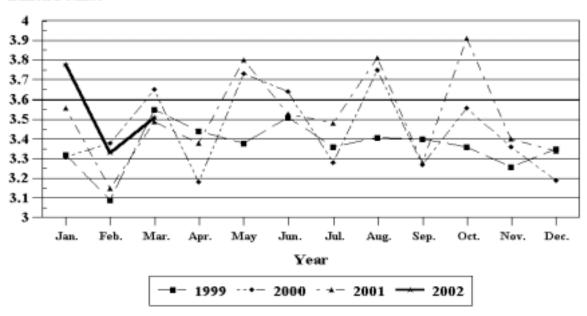

March 2002 contained 21 weekdays and five Saturdays. March 2001 contained 22 weekdays and five Saturdays.

Poultry Slaughter Estimates

Data Sources: Primary data for poultry slaughter estimates are obtained from the Poultry Inspection Form (FSIS 6000-21). This form is completed by inspectors of the Food Safety and Inspection Service (FSIS), USDA for all Federally Inspected (FI) plants. Over 99 percent of the total U.S. slaughter for any species is under FI. The FSIS 6000-21 forms collect number of head slaughtered daily under FI by species and class as well as condemnations and total live and dressed weights. Approximately 350 plants in the U.S. are operated under Federal Inspection.

Revision Policy: Revisions are generally the result of late reports received by FSIS from plants and are usually less than one-half of 1 percent of the preliminary totals. Revisions for the previous month and year-to-date totals are published in each monthly release. Final data are published in the annual summary released in April and reflect any late reports or corrections which occurred after the monthly revision were published.

Procedures and Reliability: Plant inspectors submit forms (FSIS 6000-21) weekly summarizing the plant's activity. When inconsistencies in the data are detected, the reports are returned to the inspectors for correction. Inspectors correct or validate the report and resubmit it. The reports cover weekly activities through Saturday night and reported data are allocated to the appropriate month as it enters the database.

A NASS computer program provides a review of current data with historical data for each plant. An edit provides checks for the detection of errors such as invalid plant information, duplication, and erroneous data. Data are summarized weekly and accumulated to monthly totals for this release.

Data for major slaughter plants with missing reports are adjusted prior to publication to assure that all plants slaughtering a significant portion of a specific class are accounted for each week. Estimates for missing weeks are made only after verifying that the plant was in operation. Adjustments are based on either the previous week's information or a week determined to be similar to the one missing. Late reports replace imputed data as they become available. While there is a varying degree of incompleteness from month to month, it has only a minimal impact on the published totals.

Poultry slaughter estimates are based on a census of operating plants and, therefore, have no sampling error. However, they may be subject to errors such as omissions, duplications, and mistakes in reporting, recording, and processing the data. These errors are minimized through strict quality controls in the edit and summarization process, and a careful review of all reported data for consistency and reasonableness.

State data are published for selected states for young chickens and young turkeys. State data are not published if less than three plants operate for a species in a State, or if one plant has 60 percent or more of the total live weight for that species. Data for all states not published are included in the "Other States" category. Also included in this category are data for published states that are confidential (denoted by an *). Data for all states are included in the U.S. totals. For 2001, young chickens were killed in 31 states, young turkeys in 21 states.

Definitions

Ante-Mortem Condemnations - Birds condemned prior to their entry into the slaughter plant.

Certified Ready-to-Cook - The weight of poultry certified wholesome by inspection after post-mortem condemnation pounds are removed. Ready-to-cook represents poultry meat ready for the marketing channel.

Ducks - Includes all ducks regardless of age and weight.

Fryer-Roaster Turkeys - Young immature birds, usually under 16 weeks of age. Included with young turkeys.

Mature Chickens - Fowl from breeder and market egg flocks and stags and cocks.

New York Dressed Weight - Carcass weight after only feathers and blood are removed. This weight is approximately 90% of live weight.

Old Turkeys (Breeders) - Fully matured birds held for egg production, usually over 15 months of age.

Other Poultry - Includes all other ready-to-cook products which bear the USDA Inspected for Wholesomeness legend.

Post-Mortem Condemnations - Carcasses or parts condemned by the inspector because of disease or mishandling and removed from the slaughter line and destroyed.

Young Chickens - Commercially grown broilers-fryers and other young immature birds such as roasters and capons.

Young Turkeys (Mature) - Young birds grown to a matured market age, about 5 months.

The next "Poultry Slaughter" report will be released at 3 p.m. ET on June 7, 2002.

The United States Department of Agriculture (USDA) prohibits discrimination in all its programs on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (braille, large print, audiotape, etc.) should contact the USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, D.C., 20250-9410, or call 202-720-5964 (voice or TDD). USDA is an equal opportunity provider and employer.

ACCESS TO REPORTS!!

For your convenience, there are several ways to obtain NASS reports, data products, and services:

INTERNET ACCESS

All NASS reports are available free of charge on the worldwide Internet. For access, connect to the Internet and go to the NASS Home Page at: http://www.usda.gov/nass/. Select "Today's Reports" or Publications and then Reports by Calendar or Publications and then Search, by Title or Subject.

E-MAIL SUBSCRIPTION

There are two options for subscribing via e-mail. All NASS reports are available by subscription free of charge direct to your e-mail address. 1) Starting with the NASS Home Page at http://www.usda.gov/nass/, click on Publications, then click on the Subscribe by E-mail button which takes you to the page describing e-mail delivery of reports. Finally, click on Go to the Subscription Page and follow the instructions. 2) If you do NOT have Internet access, send an e-mail message to: usda-reports@usda.mannlib.cornell.edu. In the body of the message type the word: list.

AUTOFAX ACCESS

NASSFax service is available for some reports from your fax machine. Please call 202-720-2000, using the handset attached to your fax. Respond to the voice prompts. Document 0411 is a list of available reports.

PRINTED REPORTS OR DATA PRODUCTS

CALL OUR TOLL-FREE ORDER DESK: 800-999-6779 (U.S. and Canada)
Other areas, please call 703-605-6220 FAX: 703-605-6900
(Visa, MasterCard, check, or money order acceptable for payment.)

ASSISTANCE

For **assistance** with general agricultural statistics or further information about NASS or its products or services, contact the **Agricultural Statistics Hotline** at **800-727-9540**, 7:30 a.m. to 4:00 p.m. ET, or e-mail: **nass@nass.usda.gov.**
